

AUTOMATIC SIDE-SEAL ARCH MACHINE FOR PROTEIN + SEAFOOD INDUSTRIES

THE PC1500SS

The PC1500SS is a high-speed, side-seal automatic strapping machine for protein processing operations. Manufactured with a stainless steel frame and rust-resistant and corrosion-retardant parts inside, the PC1500SS features a water-resistant design that provides exceptional protection from moisture and splash down spray. Easy to maintain and sanitize, this machine is applicable in moist and harsh working environments such as meat/poultry processing plants and the marine food industry. **It's the most cost-effective strapping solution in its class.**

**STAINLESS STEEL +
SUPER FAST!**

Up to 60 straps
per minute

The PC1500SS for Poultry, Meat + Fish

Service Is Everything

Your PC1500SS not working as it should? Contact Greenbridge. We'll service your machine and get it back up and running in no time. We even rebuild heads.

It's what we do. Gladly.

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.
