

AUTOMATIC SIDE-SEAL ARCH MACHINE FOR HIGH-SPEED STRAPPING

THE PC1500

The PC1500 is an innovative high-speed automatic strapping machine loaded with all the industry standard features you need. The PC1500 delivers optimal performance for securing packages up to 100 pounds, including high-cycle speed and easy maintenance. The machine's strapping head is mounted in a side seal configuration that prevents debris from contaminating the seal head. This smart design keeps you running and helps avoid downtime. **The PC1500 is a Greenbridge favorite and the most cost-effective strapping solution in its class today.**

ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains.

Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.
