

# BATTERY OPERATED STEEL TENSIONER

## SB8400

Greenbridge's SB8400 is our new and innovative battery powered tensioner capable of regular and high duty tensile for 3/4" / 1" / 1 1/4" steel strap.

With the tension regulator button under the battery, you can adjust the force of your SB8400 up to 2,200 lbs., without difficulty or failure during use.

The SB8400 has been designed for ease of use. Powerful quick and strong, the durable SB8400 tool is manufactured with limited maintenance required.

With the SB8400 you no longer need to worry about being linked to any air line, leaving you free to operate the tensioner anywhere and in all environments.

### ABOUT GREENBRIDGE

Founded in 1974 as Polychem, we rebranded in April 2021 as Greenbridge to reflect our commitment to providing proactive solutions to customers across North America seeking to achieve more sustainable, high-performing operations. Our early reputation was based on our quality polyester, polypropylene and cord strapping. Today, years of growth and strategic acquisitions have made Greenbridge a leading end-of-line packaging supplier, with integrated solutions that encompass tools, equipment, systems, and services that help tame the most challenging supply chains. *Greenbridge is committed to the safety of our team, the quality of our products and services, investing in continuous improvement, advancing the circular economy, and fostering sustainable customer success.*

**It's easy to find a supplier to  
sell you a tool.**

**It's another thing to find one eager  
to provide service after the sale.**
