## TERMS + CONDITIONS

- These program are exclusively accessible to customers who are currently purchasing Greenbridge polyester and polypropylene strapping.
- Plan includes all wear and non-wear parts that are defective.
- Repairs do not cover neglect or damaged tools.
- All used tools added to this program must be sent in for an evaluation and repair before the program goes into effect unless they are new.
- This program includes all battery power tools. It does not include any manual tools or accessories i.e. manual tensioners, sealers, dispensers, etc.
- This program will include all Greenbridge manufactured tools. Siat tools are not included.
- Tool must be sent in for scheduled maintenance on predetermined timeframe i.e. 6 months from sale or less than 15,000 of cycles whichever comes first.
- Customer is responsible for the loaner tool. Must ensure that it's returned without damage within two weeks from receiving their tool back from service. Fees may apply for extended use or damage.
- Return authorization is required prior to sending a tool in for service. This will be provided in accordance with the timeframe projected (6 mo. into operation).

## DON'T FORGET ABOUT GB+

When Greenbridge supplies and services the strapping side of your business you can focus on fueling the growth of your business.

With GB+ on your side, your Capex funds no longer need to go to tools and equipment. You prioritize your dollars on product development, sales, marketing, manufacturing, and innovation.

Greenbridge's GB+ program can be customized to solve for your equipment challenges, maintenance demands, consumables constraints, and sustainability objectives.
